[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO OCT. 14.

EASTERN STATES.

The Chicago Sufferers.

CHICAGO, Oct. 12.—Mayor Mason has issued the following appeal:

"Clothing and all protection from cold will be needed this winter as well as now. Send forward as large quantities as possible. Collect money and hold it subject to our order. Send in provisions that will keep; cooked meats may spoil before we can distribute them. Aid the committees liberally. We want to husband our resources as much as possible, for a long winter is before us, and the suffering will continue until our laboring classes are again enabled to sustain their families. R. B. MASON, Mayor."

To all committees and persons sending aid to our suffering public.—In cases where money is subscribed send or hold the money subject to my order instead of purchasing supplies. This will prevent our receiving unnecessary articles and enable us to buy things most needed, such as shelter and food, which will be necessary during the coming winter. R. B. MASON, Mayor.

In this connection the Mayor issues the following proclamation:

"I have deemed it best for the interest of the city for me to turn over to the Chicago Relief and Aid Society all contributions for the suffering people of this city. This Society is incorporated and an old established organization, having for many years possessed the entire confidence of our community, and is familiar with the work to be done. The regular force of this Society is inadequate to do the immense work required, but they will rapidly enlarge and extend the same by adding prominent citizens to the respective committees; and I call upon all citizens to aid this organization in every possible way. I also confer upon them a continuance of the power hitherto exercised by citizen committees, to impress food and labor, and procure quarters, as far as may be necessary for the transportation and distribution and for the care of the sick and disabled. General Sheridan desires this arrangement, and has promised to co operate with this association. It will be seen from the plan of work that is detailed below, that every precaution has been taken in regard to the disposition of the contributions. R. B. MASON, Mayor."

Report from Gen. Sheridan.

HEADQ'RS MILITARY DIV. OF MISSOURI,
CHICAGO, October 12, 1871.

To his Honor, the Mayor:—The preservation of the peace and good order of the city having been entrusted to me by your Honor, I am happy to state that no signs of outbreak or disorder have been reported, no attempt at incendiarism has reached me, and that the people of the city are calm, quiet and well disposed. The force at my command is ample to maintain quiet and, should it be necessary, to protect the district devastated by fire; still, I would suggest to the citizens not to relax their watchfulness until the smouldering fires of the burned buildings are entirely extinguished.

P. H. SHERIDAN, Lieut. General.

A rumor prevails, and is by some believed, that Henry Uhlman, the banker, was murdered instead of being suffocated by the fire. His body was found near his banking house, which he had evidently just left with his money and his valuables in his arms.

New York News.

NEW YORK, Oct. 14.—Judge Barnard's order dismissing the grand jury yesterday was received with universal applause. The discharged jurors were allies of Tammany. On Monday a new jury will be impanneled.

A committee of ten, last night discussed the means of obtaining an honest election. A convention of anti-Tammany Democrats is announced for this evening.

A new feature of the reform movement is the organization of a Young Men's Reform Association, which took place last night. Ex Judge Barrett was elected President.

The Democrats last evening perfected arrangements for the next election.

The Deputy Controller responds to the demand of the Inspectors of Sewers and Pavements for their pay that payment is stopped by Judge Barnard's injunction, and besides there are no funds.

William H. Webb yesterday called the attention of President Grant to the American lines of steamers, and said they would have to give way to British lines unless something is done by Congress.

The Hartford, Connecticut, Fire Insurance Co. has suspended.

Henry Ward Beecher delivered an eloquent discourse last evening in Brooklyn on the Chicago fire to an immense audience. The speaker made an urgent appeal in behalf of the Chicago people.

WASHINGTON CITY.

Proclamation Against South Carolina Ku-Klux.

WASHINGTON, Oct. 12.—The President has issued a proclamation setting forth that unlawful combinations and conspiracies still exist in the counties of Spartansburg, York, Macon, Chester, Union, Newburg, Fairfield, Lancaster and St. Donald, thus obstructing and hindering the execution of the laws of South Carolina and of the United States, and calls upon all combinations to disperse within five days, and to give up their arms, disguises, etc., to the United States Marshal and deputies.

Engineering Operations.

WASHINGTON, Oct. 13.—General Humphrey, of the Engineer Bureau, received a letter from Clarence King, geologist in charge of the expeditions of the fortieth parallel, dated Camp in Western Utah Mountains, October 2d, in which he states that extensive fires have raged through the Rocky Mountains since August 2d, filling the air with such volumes of smoke as to stop topographical work. On October 2d heavy snow storms prevailed, and on the 3d for the first time it was clear. Mr. King says the survey will be completed by December 1st. The expedition has been very successful.

Cabinet Matters.

WASHINGTON, Oct. 13.—At the Cabinet meeting all the members were present but Akerman, who is not in the city.

The President with Mrs. Grant, Postmaster-General Cresswell and wife, Boutwell and Robeson leave to-night for Boston. Belknap leaves for Boston to-morrow.

BY ATLANTIC CABLE.

Foreign Aid for Chicago.

LONDON, October 13.—The Lord Mayor of London, supported by leading houses, has issued an appeal for subscriptions. It is probable that the Common Council will vote a large sum.

At a meeting at Birmingham last night a committee was appointed to collect funds. The meeting was presided over by the Mayor. In addition to action for the future, six firms gave 120 pounds sterling, on the spot. The amount collected will be sent by cable to Mayor Mason tonight.

At a large meeting to-night at Langham Hotel, Minister Schenck in the chair, deep interest and sympathy was expressed for the suffering people of Chicago. Ten thousand pounds sterling was raised for their relief, and a committee was appointed to increase the subscriptions. Among the contributors were several Confederates and some Chicago merchants whose establishments have been burned.

VIENNA, October 12.—The leading merchants and bankers have opened a subscription for the relief of Chicago.

FRANKFORT, October 12.—As soon as news of the terrible fire reached here an extra of the German-American *Economist* was issued, giving such details as were known, and calling for prompt action in behalf of the sufferers. A meeting was held and a relief committee organized. Frankfort will give liberal contributions.

Additional Aid.

LONDON, October 13.—The Common Council of London met in Guild Hall to-day and agreed that 10,000 guineas be sent immediately to America to the credit of the Mayor of Chicago for the relief of the suffering. The Lord Mayor received yesterday contributions from private individuals to the amount of 7,000 pounds sterling. Baring, Morgan, Rothschild, Brown, Shipley & Co., and G. T. Western, of the Canada and Grand Trunk, subscribed $1,000 each. The Liverpool Chamber of Commerce voted $500 yesterday. The American Chamber contributed $15,000 to-day. There will be a mass meeting to secure further aid. The Edinburgh Chamber of Commerce resolved to request the Provost to call a meeting of citizens to arrange a relief committee. The chief merchants of Southampton open the subscription. The U. S. Consul has lists, and is active in securing contributions. At Frankfort leading merchants and bankers take active interest in the relief movement both by contributions and personal efforts.

CANADA.

Another Fenian Raid.

MONTREAL, Oct. 12.—Official information has been received here that the Fenian General O'Neil with a force of men (number not stated) crossed the border at Pembina, seized the Canadian Custom House and the post of the Hudson Bay Co. They were afterwards attacked by United States troops and dispersed, O'Neil being captured. It is reported that a larger party has crossed at St. Joe. The people of Manitoba are greatly excited, and every able-bodied man is under arms.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 14.—Wheat in Liverpool 13s 5d, an advance.

John Sime, banker, a pioneer of 1849, and a native of Nova Scotia, aged 53, died last night from inflammation of the brain, having been ill only since Saturday last.

The Masonic Grand Lodge will conclude its labors to-day. The grand officers elected last night were as follows: Most Worshipful Grand Master, Leonidas E. Pratt, of San Francisco; Right W. D. G. M., Charles Louis Wiggin, of San Francisco; Right W. S. G. W., Benjamin Horton Freeman, of San Francisco; R. W. J. G. Warden, George Clement Perkins, of Oroville; Very W. G. Treasurer, James Laidley, of San Francisco; Very W. G. Secretary, Alexander Gordon Abell, of San Francisco.

Judge Morrison decides that the City Attorney, Nougues, has no authority to proceed with the Second street cut assessment suits, and Judges McKinstry and Dwinelle concur in the decision, which probably ends the matter.

Collections already reach over $100,000 in aid of Chicago. Chinese merchants raised $120. Business will be generally suspended this afternoon, and the attendance at the races, at Agricultural Park, for the benefit of Chicago, promises to be immense.

Ira W. Raymond, arrested at Fort Yuma on a charge of forging naturalization papers, was convicted in the U. S. Circuit Court, and was to-day sentenced to one year in San Quentin.

A little daughter of Mrs. Adams, residing on Lombard street, was badly, and it is feared fatally poisoned by eating polishing powder left within its reach.

Benjamin Barnes, a sailmaker on board the English ship *Rundish*, fell into the bay last night, while returning on board after a spree, and was drowned.

There were fifty-six deaths in the city this week.

The *Ætna*, of Hartford, telegraphs to its agent here that its losses in Chicago are two millions, which sum will be promptly paid.

Sheriff White and Chief Crowley have collected and paid over to the Treasury of the General Relief Fund for Chicago, the sum of $135,000.

Lumber dealers to-day decided to advance the price of all grades of lumber ten per cent., immediately.

The gale on Monday night did great damage to the fruit crop of Alameda county.

The races at the Agricultural Park, to-day, were largely attended, and a handsome sum was realized for the Chicago Relief Fund.

LOS ANGELES, Oct. 14.—It is reported that the steamer *Olympia* has been conditionally bargained for as an opposition steamer on the Southern coast route, between San Diego and San Francisco, to be put on within thirty days.

OREGON.

A. G. Enos has been appointed as lighthouse keeper at Cape Foulweather.

The schooner *Elnorah*, is about ready to sail from Yaquina Bay with another cargo of lumber for San Francisco.

The *Mountaineer* says that the O. S. N. Co. are carrying much larger quantities of freight up the Columbia than usual.

Lewis Wilson's house, two miles from Corvallis, was burned a few evenings ago. Loss, $1,500. The barn of Charles Logsden was also burned at the same time. Loss, $1,000.

Land in Umpqua Valley is rapidly advancing in value. The advance about Oakland has been one hundred per cent. in six months. Merchants are all doing a good business. There are four large stores in Oakland.

The Dalles paper says: "The country is rapidly filling up with industrious and practical farmers who are daily demonstrating to us that wheat and other cereals can be raised upon our high lands and foot hills without the aid of irrigation."

Rev. Thomas Condon has gone to Canyon City, Grant county, where he expects to meet the scientific party from Yale College for the purpose of conducting them to the fields of fossils and other geological specimens that he has found in that region of country.

THE TERRITORIES.

Olympia and Vancouver are raising funds for the relief of Chicago.

Delegate Garfielde, of Washington Territory, is expected home this month.

Water mains are to be laid down through the principal streets of Vancouver this fall.

The Vancouver *Register* has opened its seventh volume. It is a better paper than ever it was before.

W. F. Crate, who came to the Pacific coast 43 years ago, and resided long near Vancouver, died a few days ago at Victoria.

We are told that a petition *thirty five feet* in length has been signed in Walla Walla county for the removal of Judge Kennedy from the bench. One name to the foot, perhaps.

Four persons are awaiting trial at Vancouver on charges as follows: One for murder, one for perjury, one for obtaining money under false pretenses, and one for assault with intent to commit murder.

On the 1st inst. a fire broke out a Helena, Montana, which consumed property worth $250,000. The *Herald* newspaper establishment was completely destroyed. It was the leading journal of the Territory.

J. C. Hileman has succeeded Major Adams as Register in the Land Office at Vancouver. It was wrong to make this change. The Republican party of Washington Territory cannot stand much more mismanagement.

Abijah O'Neil recovered $1,800 damages against Samuel McCaw and others of Steilacoom, who composed the Vigilance Committee in Pierce county at the time of the murder of Charley McDonald. This verdict was rendered at the late term of the Olympia District Court.

Washington Territory papers, and notably the ones at Olympia and at the metropolis at Kalama, are much concerned about the future of Portland, being of opinion that the place is of little account and never can be of much consequence. Now if Portland only had Olympia's or Kalama's standing and prospects!

A bill providing for the enfranchisement of the women of Washington Territory has been offered in the Legislature by D. R. Bigelow. It provides that women shall vote on the question of their enfranchisement, and prohibits men from voting upon it, so that if a majority of women want the suffrage they can have it.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

Later Advices from Chicago.

CHICAGO, Oct. 14.—It commenced raining here about six o'clock this morning, falling quite heavily for two hours, and scarce, drizzling showers have prevailed since. Never was rain more grateful. The dust from the unsprinkled streets and the burned district like a fall of snow has filled the air since the fire to the dreadful discomfort of everybody.

There is still considerable excitement over reports of attempted incendiarism, particularly in the West Division, and arrests continue to be made of persons charged with this devilish work.

The *Tribune* this morning says there can be no doubt as to the only proper course to pursue with incendiaries caught in the act; that the fate of such miscreants should be certain and sure.

The eighty dead bodies lying in the Morgue, the two long columns of names of missing in this morning's papers, the churches and school houses crowded with half clothed women and children are terrible reminders of the great calamity whose whole horror no words can describe. The bodies in the Morgue were mostly found on the north side, and it is certain they were only a small portion of the number caught in the flames and consumed. The coroner yesterday held an inquest on sixty four of the bodies in the Morgue, only two of which were recognizable. One of these was H. J. Uhlman, banker, and the other man was named Richard O'Brien.

The vault of the Custom House was opened to-day. It contained one million in gold and two millions in greenbacks. The gold was melted into an almost solid mass and in the shape of bullion. The greenbacks were entirely consumed. They belonged to the Government and no loss is incurred.

WASHINGTON, Oct. 14.—Secretary Boutwell received a dispatch from Chicago, stating that the safes in the Depository had been opened and about $35,000 in mutilated currency, in a small safe, was found in good condition. The rest of the currency and books and papers were completely destroyed. All of the coin was badly melted.

Aid from Worcester, Mass.

WORCESTER, Mass., October 14.—About $15,000 was raised here last night for the Chicago relief fund. It is intended to increase the amount to $30,000.

Aid from Utica, N. Y.

UTICA, N. Y., October 14.—To-night, at a meeting here, $93,000 were subscribed, and $10,000 were appropriated by the Common Council. Committees will make further collections.

Aid from Toronto, Canada.

TORONTO, Canada, October 14.—At a special meeting of the municipal council, Layor was authorized to telegraph the Mayor of Chicago to draw at once $20,000 in gold.

Aid from Lawrence, Kansas.

LAWRENCE, Kansas, October 12.—A large meeting, presided over by the Mayor, was held here to day in aid of the Chicago sufferers. Over $3,000 was raised on the spot. The Council was requested to appropriate $10,000, and a committee was appointed to canvass the city. A car load of provisions was sent from here yesterday.

Prevention of Fires.

Few people, it may be supposed, imagine that any system of water works can be constructed which will prevent the breaking out of fires. But that works may be constructed which will supply water so abundantly and so readily as to prevent a fire from spreading beyond the building or buildings in which it breaks out, seems quite possible. A correspondent of the *Herald* thinks that the Holly system of protection against fires very insufficient, because a fire occurred at Binghamton, N. Y., a few days ago, which destroyed property valued at $40,000. Binghamton has the Holly works. The writer asks:

Now, why did not the Holly works save that $40,000? Why, simply because they made a mistake in their power and their pipes. Newfangled notions often take well, but when they are opposed to the natural laws, they fall, as a matter of course.

This seems singularly inconsequential. The Holly works did not save that $40,000 because the water was not applied in time. But it seems that the fire was confined to a small space, which was doubtless owing to the operation of the water works. We have not heard that it was ever pretended that the Holly system or any other would prevent fires from breaking out, or completely extinguish fires in buildings that had begun to burn fiercely before water could be applied. A fire, when it gets under headway in a large building, almost always destroys it. The problem in such cases is to prevent the fire from spreading, and thus save other property. This result seems to have been attained at Binghamton. We see nothing to indicate that they "made a mistake in their power and pipes."

[illegible] Lands.

The following letter from the General Land Office is important to settlers:

DEPARTMENT OF THE INTERIOR,
GENERAL LAND OFFICE,
WASHINGTON, D. C., Sept. 16, 1871.

Register and Receiver, Walla Walla, Washington Territory—*Gentlemen*: I have just received the [illegible] letter of the 20th of July last, relative to the unsurveyed lands in the withdrawn limits of the Northern Pacific Railroad. In reply, I refer to our letter of 1st of August, forwarding copy of order of withdrawal sent to Olympia and Vancouver offices; and add that, by the terms of the grant, unsurveyed *odd* sections are not subject to pre-emption or entry after the general route shall be fixed. The general route is fixed, and from the dates of the receipt of our order of withdrawal at the District Land Offices which were, at Vancouver, October 17, 1870, and at Olympia, October 19, 1870, *the unsurveyed odd sections are not to be subject to pre-emption, or any other entry*, except by those who may show settlement *prior* to those dates; and you will govern yourselves in accordance with these instructions. Very respectfully,

W. W. CURTIS, Act. Com.

New York papers are at hand containing a partial list of the sinecure office holders, low rumsellers, gamblers, prize fighters, roughs and subsidized journalists, on the city pay roll. The list [illegible] fills four closely printed columns of the *Times*, and embraces only a portion of the names. Four-fifths of these persons have nothing whatever to do. Some of them have long been dead, but their pay has continued, and has been shared among the "Ring." In New York City the Democratic party has had its best field, its most complete opportunity, to show what it could do. The results are plain enough. Further experiment is unnecessary.

Through neglect on the part of the compilers of [illegible] the national debt statement for October, it was not telegraphed to this coast. It appears, however, in Eastern papers now at hand by mail. The debt was reduced in [illegible] $18,458,029, which is a large advance on the average rate of reduction since the commencement of Gen. Grant's term. The [illegible] during that time has been $264,799,320. In striking contrast with this statement is the fact that, during the same time, under Democratic management, the debt of New York has been run up to $100,000,000, besides which there is a deficit of $18,000,000 for the ensuing year.

The six hundred miles of road for the construction of which the Northern Pacific Railroad Company contracted a few days ago, by the terms of the contract must be in operation within fifteen months from the 1st of this present month. Next summer freight will be transported from Duluth to Fort Benton in about ten days. By the 1st of July, the Company will have 975 miles of road in operation, [illegible]. When present contracts are completed it will have 1,300 miles. [illegible] the whole road will be finished in three years, but this seems rather too short a time.

The Oregon City *Enterprise*, though seized with amazement and indignation on learning that [illegible] the General Government have been doubled within the last six years under Republican administration, experiences no such emotions on ascertaining that under Democratic administration the expenditures of the State of Oregon have been [illegible] in the same time.

The Vancouver *Register* learns that some of the Republican members of the Washington Territory Legislature contemplate the introduction of the [illegible] Litigant Act, in imitation of the Democratic swindles of California and Oregon. Don't do it, gentlemen. Leave such unjust and outrageous proceedings to the other party. If you pass such an act it will re-act against you.

A New Political Movement.

As a further illustration of how Democracy is groping in the dark, with nothing to "fasten" to, we present the following, which is given in a Washington telegram of October 2:

"Important intelligence of a new move in politics [illegible] from Kentucky. The Louisville *Ledger*, a paper which was started as the organ of the Bourbon Democracy of the State to oppose the new departure heresy of the *Courier Journal*, has come out strongly in favor of allowing the so-called Conservative Republicans to take the lead in framing the shape of the Democratic canvass for President, and of allowing them to name the candidate for President, promising the support of the Democratic party of Kentucky. What makes this the more important is, that it is well known [illegible] Judge David Davis, of the Supreme Court, in whose favor there is now quite a rapid undercurrent among the Democrats of Illinois and Indiana. The editor of the *Ledger* is a member of the Kentucky Democratic State Central Committee, and is known to reflect the views of the principal Democratic politicians who have spent money in support of the paper. It is also [illegible] privately that the National Democratic Executive Committee look with favor upon this [illegible]. The Republicans of Kentucky hail the movement with decided gratification [illegible] will materially improve the status of the Republican party in that State.

Victoria papers are forced to confess the Omineca mines a failure. The *Colonist* says: The arrival of the *Otter*, with 120 miners and only $10,000 in Omineca gold dust, has caused considerable speculation as to the real importance of our new northern diggings. Every one must admit that $10,000 is a ridiculously small return for five months' labor of 120 men.

THE ELEVENTH ANNUAL STATE FAIR.

[SPECIAL REPORT FOR THE OREGONIAN.]

SALEM, Oct. 15, 1871.

CLOSE OF THE FAIR.

The Eleventh Annual State Fair came to a close yesterday—all except the scrub races, wrestlings, foot races and numerous little games which always slop over into Sunday. These last are conducted alone by semi-civilized people who have little relish for anything that rises above or falls below a sort of conservative rowdyism. They are not roughs in the city meaning of the word, but untaught, uncouth, backwoods rowdies, with never an idea of enjoyment disconnected with physical exercise or brutish kind of play. They always stay till other people have gone away and their annual fair begins. It consists of running quarter or 300 yard races with scrub horses for two dollars and a half on a side, each backing his favorite with bets of six bits, two bits, or, in case of being broke, a jack-knife or plug of tobacco—anything to make it interesting. In the interims between races, they engage in jumping matches, foot races, wrestling matches, pitching horseshoes or half dollars, always for a wager of similar kind. But even these sports have an end and Monday morning finds the grounds deserted, except, it may be, by a few men who had horses or cattle on exhibition, or some peanut merchant who had wrestled with the great world through the week for its dollars and dimes. The immense restless throng of sight seers, the countless circus bills, menagerie bills, fat woman bills, white niggers, snakes, sword-swallowers, contortionists, big hogs, swing nuisances, blind fiddlers, "rustlers" and exhibitors of the "greatest curiosities of the world" are all gone to prey upon the world elsewhere, and the fair ground is one of the most intensely desolate places within the scope of imagination. The work of demolition of the fair proportions of the great State exhibition, began at an early hour Saturday morning, and it went [illegible] on till at dark the place was such a wreck as made it a sad thing to look upon. On a small scale it was like the breaking up of the foundations of the world and the resolving of its elements into chaos. A few things are left, however, for me to talk about, since I am out again in the other, old world. These things I shall speak of almost at hap hazard. In prying into various affairs on Saturday, I was fortunately able to pick up

A FEW MORE PREMIUMS.

Among the first premiums—and I shall not take the trouble to mention any others,—the following were awarded: C. P. Bacon, of Portland, for a roadster; Wm. Gird, of Albany, saddle horse; G. J. Coffey, Marion county, stallion roadster one year old; J. C. Hawthorne, East Portland, stallion roadster three years old; David Powell, of Multnomah, mare colt two years old, "Pathfinder"; Wm. Gerlinghouse, Benton county, span of carriage horses; M. Wicksar, Yamhill, sucking colt roadster; R. A. Belknap, Benton, stallion roadster two years old; C. P. Bacon, buggy horse; S. Condit, Marion, mare colt roadster one year old; B. B. Acker, Portland, span of buggy roadsters—Ben Holladay's team, the best on the ground in that class.

Mr. John Minto, of Marion county, one of the leading sheep growers of the State, obtained a long list of premiums, first and second. His first premiums were as follows: Best three lambs, American merino; best Spanish merino buck two years old; French merino, best single ewe, best single lamb, best yearling ewe, and best ewe and lamb; Leicestershire—best two year old buck, best single lamb, and best three lambs; graded sheep—best single ewe—twenty premiums in all.

Pat Smith, of Portland, got the first premium on stallion (Pathfinder) and family of five colts.

The committee on thoroughbreds had not, at a late hour Saturday afternoon, reported, and I am therefore not able to say who is ahead in that line.

The honors in cheese making were pretty evenly divided among Henry Ankeny, Warren Cranston and Mrs. Hiram Smith, the latter getting the special premium offered by Dr. Hawthorne.

Mr. Luelling, of Milwaukie, bore off the palm in apples and grapes, though several others, among whom was John A. Millard, of Albany, competed closely.

The Salem Oil Co. exhibited and obtained premiums for raw and boiled linseed oil, of as fine quality as I ever saw. The company has recently greatly improved upon its manufacture.

Mrs. Susanna Laughlin was awarded Mr. Breyman's special premium for best fifty pounds of butter made before the 1st of July.

The volumes of classical and operatic music offered by Mr. S. J. McCormick, for the best piano player, were divided between Mr. Frank Strong, of Salem, and Miss Emma Millard.

A Mr. Bundy, of Benton county, won the team harness awarded by Mr. J. B. Congle to the farmer having on exhibition the best span of working horses, wagon and harness.

A horse cover, presented by John W. Cullen, for the best stallion horse of all work, was awarded to Mr. Bigham of the Dalles.

Mr. F. R. Wilbur's special premium of $10, to the boy under twenty years, for rising habitually before the sun and keeping away from the groceries, was awarded to Wm. Walker of Marion county—a lad of twelve years. Good little boy.

THE RACES.

There were two Society races on Saturday—running at 10 A. M. and trotting at 1:30 P. M., the first for three year olds and the last for horses that had never beaten three minutes. The running race—a single dash—was won by Basket's "Brunette" in 1:55½, against two competitors.

For the trotting race there were five entries—A. P. Caldwell, "Nellie Ballard"; L. B. Lindsey, "Blackbird"; J. B. Welsh, "Fly-by-Night;" J. J. Welsh, "Highlander;" F. W. Fletcher, "Flying Cloud." After a long contest in which there was one heat declared by the judges to be "no heat," on account of running, and another which was called a dead heat, the race was won by "Flying Cloud" against "Blackbird," the other horses having been distanced earlier or later in the struggle—time of winner's heats, 3:03½, 3:05½ and 3:03½.

Between these two races there was a match between Basket's "Screwdriver" and Stott's "Annie Minor," single dash of one mile—won by "Annie Minor" in 1:56.

HOW PREMIUMS ARE AWARDED.

It is not wonderful that there is much grumbling and dissatisfaction among exhibitors, when we consider the manner in which awards of premiums are frequently made. I heard of one case which will illustrate many. A Miss Lindsey is a teacher of long experience in waxwork and other fine arts, attached at present to the Monmouth College. She had on exhibition a couple of waxwork pieces which showed the most unquestionable skill and fine finish. Besides them were two pieces executed by pupils of hers after a few months' practice. They were well designed but did not show finish. One, however, was set upon a mirror base—a simple pond lilly floating on the water—and the other was a showily designed floral wreath. The fancy of the committee was caught by the designs—probably made by the teacher herself to the pupils—and ignoring the execution of the work, the 1st premium was given to the pupil's pond lilly, and 2d premiums to the floral wreath and the least meritorious of the teacher's pieces. The fact was, the committee had no idea whatever of the real comparative merits of the competing articles. This instance does not by any means stand alone. Committees are frequently appointed who have little or no practical knowledge of the matters upon which they are to pass judgment. Competitors, seeing that merit is about as likely to lose as to win, retire and come no more to the fair as exhibitors. This is one reason for the paucity of the articles shown in the classes of fine arts.

THE SHEEP INTEREST.

It has been feared in years past that the sheep breeding business was in danger of being overdone, especially as regards fine bloods. This fear seems not likely to be realized, as is evidenced by the continued good price obtained for fine wools, and the increasing demand for fine blood breeders. Mr. John Minto informed me yesterday that the sheep market was never so bare of stock as now. He, as well as every other exhibitor of fine sheep at this Fair, has sold every animal that he had to spare, and if he had had twice as many could have sold them all. Not only are bucks wanted, but anxious buyers are in the markets looking for flocks, and they are by far less particular than a few years since about excluding from their purchases scrub sheep. The demand is such that anything that is a sheep sells.

REFORMS NEEDED.

I think that every visitor at this Fair will agree with me in saying that the Society must make some reforms in the management of its Fairs if it would save them from utter failure. System is sadly wanted. The present plan of conducting business is a bad failure, and a better one is a necessity. The entry books are a prize muddle from the time they are opened till closed. The plan of conducting examinations and making reports, leads to infinite confusion. Everything goes pell-mell, helter-skelter, and the entire Fair, so far as business is concerned, is an immense tangle. Half the interest is destroyed by the fact that the exhibitors are unknown, and the further fact that they cannot be found out without going through a labyrinth of ins and outs enough to appall an ordinary mortal. The multitude of catchpenny shows which, upon the whole, have a debasing influence upon the minds and morals of the people, ought to be excluded from the grounds. Teams ought to be kept away from the pavilion and all that part of the enclosure. There are numerous other matters that I have not space to mention now, which ought to receive thoughtful attention before the next State fair. If the society should expend a few hundred dollars to procure new styles of books and to perfect arrangements for securing business order, it would be, indeed, well expended. And especially had there ought to be some plan devised to rescue the racing feature from the rapidly growing disgrace into which jockeys and gamblers are bringing it.

CONCLUSION OF THE WHOLE MATTER.

Upon the whole, most of the visitors to the fair have been disappointed, and having gone home with an impression that the fair was, if not a failure, at least far below some of its predecessors. I find, however, that such impression has been formed mostly upon what was *not seen in the pavilion*. It must be confessed that, that part of the fair was not a flattering success. Its partial failure is attributed by many to the fact that the premiums have been reduced in those classes; but that cannot fully explain it, because the premiums were never large enough to make it remunerative to exhibit articles. I am inclined to think that the paucity of articles shown was one of those unaccountable fortuitous circumstances, like the occasional unexplainable thin attendance upon a usually full church or lodge, when by a coincidence everybody at the same time concludes not to go. It is certainly true that in all the most important particulars of an agricultural and mechanical fair, this has been fully up to, if not better than, any former fair. There was an equally good show of good horses, a better exhibit of cattle, sheep, swine and poultry, and of agricultural implements, and the contests in all essential respects were spirited. There is no occasion to be despondent. Let the Society reform and improve its management and all will go well.

TO HOUSE BUILDERS & PAINTERS

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy,

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one-fifth more surface, making them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.

THEIR ADAPTABILITY.—They are already mixed and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, '70: "I have no hesitation in recommending the "Averill Chemical Paints" to those who regard economy and durability. It weathers our smoky atmosphere better than any Paints I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST."

"JACKSONVILLE, FLORIDA, CUSTOM HOUSE.—It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.
"WM. P. DOCKRAY."

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find 09 cents per gallon in favor of the former.

[illegible] AND COMMERCIAL.

Saturday Evening, October 14, 1871.

Gold in New York, 114½.

Currency, here, buying, 86½; selling, 87½@88.

The following table shows the condition of the New York City Banks at the dates given:

	Sept. 23.	Sept. 30.	Difference.
Loans	$309,164,700	$301,[illegible],100	Dec.$7,808,600
Specie	9,572,100	13,130,300	Inc. 3,558,200
Circulation	30,201,200	30,253,800	Inc. 52,600
Deposits	237,127,400	228,138,000	Dec. 8,989,400
Legal Tenders	58,[illegible],300	55,772,300	Dec. 2,156,000

The above table shows that the Banks are fast wheeling into a sound financial position. The effect of the Chicago fire will for a time, in all probability, be felt, but not to such an extent as to affect anything seriously. We look for a fall in Gold upon the following grounds: Chicago merchants are reputed for their shrewd business management and enterprise, and it is not at all unlikely that the leading houses were nearly if not fully secured against losses by fire, which being the case, policies were taken out not alone in home, or companies incorporated in the United States, but also in all of the leading foreign insurance companies doing business in Chicago, and which, if correct will necessitate these companies sending coin to the United States to meet the risks so incurred. The telegraph informs us that there is a very general movement in England and the Continent to assist the sufferers by subscriptions, which will from present appearances amount to several millions of dollars. To remit the amounts subscribed in Europe, together with losses sustained by the [illegible], will cause the price of Gold to fall quite low by the middle of November, as on the first of December a very large amount will be paid out by the Treasurer in redemption of the 5-20 bonds of 1862.

The following is the value of exports from this port for the month of September to the ports named:

Victoria	[illegible] 00
Sandwich Islands	2,[illegible] 00
Total foreign exports	$31,110 00

The value of imports was:

From England	$30,414 00
" Victoria	882 00
" China	4,619 00
" Sandwich Islands	49,530 00
Total	$81,845 00

For the quarter ending Sept. 30th, 1871, there has been entered at the Custom House for consumption:

Free goods, value	$ 9,407 89
Dutiable [illegible]	187,728 27
Withdrawn for consumption	$39,842 77

The tonnage of this port amounts to 48 v[illegible] of 10,180 tons. Our imports do not show well owing to our merchants just beginning to make direct shipments to this port. Heretofore they have, and do still to an extent of nine-tenths of the goods bought East and in Europe, ship to San Francisco and from thence here by sail or steamer. Within the next two years our showing will be very large. The [illegible] Wheat is a great extent go to San Francisco, where its quality is held in high favor by millers for mixing with inferior [illegible], and for making a superior quality of Flour.

The bark [illegible] the river bar yesterday, and will be [illegible] Monday. [illegible] locomotive, and [illegible].

The bark *Garibaldi*, loading for China, has in 2,00[illegible] qr and 2,514 hf sks Flour.

The regular freight train of the O. & C. R. R. Co. leaves East Portland at at 7 o'clock A. M., and arrives at 7:40 P. M. Special freight trains will leave East Portland at 5 o'clock P. M., arriving at 4:10 A. M.

The imports into the United Kingdom from the commencement of the season there (Aug. 27, 1871,) compared with the corresponding periods of the two previous years are as follows:

	1871.	1870.	1869.
Wheat, cwt	2,179,023	1,597,572	1,707,303
Barley	259,[illegible]	128,788	105,082
Oats	[illegible]	331,370	353,951
[illegible]	13,928	81,567	10,669
Beans	144,209	56,800	95,645
Indian Corn	1,142,282	663,110	750,877
Flour, bbls	[illegible]	229,502	204,050

The following table gives the exports of Wheat and Corn from the seaport towns East from Sept. 1, 1871, to the date, [illegible] for the same periods for 1870 and 1869:

	Gr. Britain and Ireland.	Other For. ports.	Totals.
Wheat.		Bush.	Bush.
New York, Sept. 29	2,324,000	1,07[illegible]	3,404,859
Baltimore, Sept. 23	228,876	4,178	233,049
Philadelphia, Sept. 23	190,759	8,024	198,823
Boston, Sept. 23	110,047		115,047
Totals	2,858,722	1,081,086	3,939,808
1870	1,553,854	207,883	1,821,772
1869	2,101,642	194,643	2,296,290
Corn.			
New York, Sept. 29	1,071,436	134,345	1,205,781
Baltimore, Sept. 23	75,163	1,600	76,763
Philadelphia, Sept. 23	243,830	2,200	246,030
Boston, Sept. 23	103,408	701	104,109
New Orleans, Sept. 23	40,469	2,250	42,719
Totals	[illegible]	141,096	1,675,[illegible]
1870	7,826	22,258	30,084
1869		7,532	7,532

By the above table it will be seen that we have largely increased our Wheat exports to the Continent over the two previous years. The increase in exports of Corn is over 5000 Bu. The visible supply of Grain, including stocks in store at the principal points of [illegible], and the amount in transit by rail and on lakes and on New York canals is reported as follows:

	Wheat. Bush.	Corn. Bush.
Sept. 23, 1871	7,602,559	7,291,951
Sept. 24, 1870	[illegible]	3,123,248

Notwithstanding our increased exports to Europe and a largely in[illegible] export to Canada (not given above) the above shows a gain in accumulation over that of last year.

The exports of Wheat from New York to Great Britain and the Continent amounts to 15,844,683 bushels against 15,1[illegible],339 for a like period in 1870, that of Corn for the same period in 1871 amounts to 3,518,703 bushels against [illegible] in 1870.

RENNICK'S

Wahoo Bitters!

NEVER KNOWN TO FAIL IN CURING

Rheumatism, Neuralgia, Dyspepsia,

and all Affections of the

Stomach, Liver and Kidneys.

It has cured cases where thousands of dollars had been expended to no purpose, but filling the system with mercury, by practical or educated quacks.

Wahoo—(*Euonymus Atropurpureus*) a small shrub growing in many parts of the United States. The bark of the root is a bitter tonic, laxative, attractive, diuretic, and expectorant, and is advantageously used in pulmonary affections, dropsy, constipation, turpidity of the liver, dyspepsia and intermittent fevers.

Read the Certificate of Mr. Thompson, of the Workingman's Boarding House, Front street, Portland:

PORTLAND, October 4th, 1871.

I hereby certify that I am acquainted with the proprietor of the Wahoo Bitters, put up by S. J. Rennick. It is one of the best remedies for the Stomach and Blood in the world. In fact it will cure Dyspepsia, Chronic Liver complaint, Chills and Fever, and has the advantage of not being intoxicating.

J. N. CUNNINGHAM, M. D.

This is to certify that I have used the celebrated Wahoo Bitters, and have known several other men in my house who were prostrated with ague and rheumatism, whom it has effectually cured. It acts on the liver and kidneys, surpassing anything I ever used.

J. R. THOMPSON, of Thompson House.

PORTLAND, Oregon, Sept. 12, 1871.

This is to certify that I have been sick with chills and fever for the last fourteen days, and have tried a great many remedies, and found them all to be humbugs, and was about to give up everything in despair. Mr. Rennick heard about my case, and gave me a bottle of his Wahoo Bitters and I was relieved, as if by magic from the hand of God.

A. KOLP,

Philadelphia Brewery, Portland, Oregon.

MCMINNVILLE, Sept. 27, 1871.

This is to certify that I have used Rennick's Wahoo Bitters for a good while, having been acquainted with the Wahoo bark for over thirty years, and when aided by other barks, known only to the proprietor, it surpasses any medicine ever used for Ague, Chills, Fever and all affections of the Liver, Kidneys and Bladder. I have no hesitation in recommending it to the public. I am going on a visit to Illinois and take some with me.

E. J. WRIGHT.

ELLIS STATION, W. P. R. R., Sept. 30.

I give this of my own free will for the benefit of suffering people: I am fifty-eight years of age, born in Dilley, Staffordshire, England, and a minor; suffered from rheumatism for years; have traveled with crutch and cane for the last two years, but I thank my God that Wahoo Bitters has made me a well man. No humbug about this. Experience has proved that Wahoo Bitters is king of all diseases. I recommend any person any way affected to try them.

OLD ARCHY BURTON,

Corral Hollow, W. P. R. R., Cal.

October 3d.

This is to certify that I have used Rennick's Wahoo Bitters, and can with confidence recommend it to all suffering from indigestion and all affections of the liver and kidneys.

JOHN STURGIS,

Front street, near sawmill.

PORTLAND, October 1st.

This is to certify that I have been afflicted for twenty years, and the more doctors' medicine I took, I became worse when the effects of the medicine was over. I had a dreadful pain in my side. The doctors said it was my liver, but, thank God, one bottle of the Wahoo Bitters made a change, and I believe it will make a perfect cure.

MRS. SALLY J. L——.

All orders directed through the Postoffice will be at once attended to. The Bitters will be carefully packed and delivered on any boat or rail [illegible].

Under a burning sun, where Billious affections and Fevers of various descriptions so generally prevail, TARRANT'S EFFERVESCENT SELTZER APERIENT has been successful beyond all parallel. Hence the physicians of the tropics give it their emphatic sanction, prescribing it in preference to every other aperient in use. The patients, of course, gladly acquiesce, for this preparation is one of the most delightful, as well as mild and cooling cathartics, chemistry have yet devised, and possesses every medical virtue of the far-famed German Seltzer Spa. It is a powder that only requires the addition of water, to produce in an instant a delicious effervescing beverage, as well as an invaluable medicine. Ask for and accept none but the genuine.

SOLD BY ALL DRUGGISTS.
